

### C. Verification of 2022 Income Information for Student Tax Filers

**Instructions:** Complete this section if the student and spouse filed or will file a 2022 IRS income tax return(s). As part of federal student aid eligibility, students, and spouses (as appropriate), will be required to consent and approve sharing and importing income and tax information from the IRS to the FAFSA form, even if the attempt to obtain or use such data is ineffective. In other words, if the student and spouse filed separate 2022 IRS income tax returns, both must provide consent and approval to share and import income and tax information from the IRS. In most cases, no further documentation is needed to verify 2022 income information that was transferred into the student’s FAFSA using income and tax information directly from the IRS.

If 2022 income tax return information for the student (or spouse, if applicable) was not available or could not be used, the student should provide the institution with a 2022 IRS Tax Return Transcript(s) or a signed copy of the 2022 income tax return and applicable schedules.
