

Graduation and Transfer Rates by Financial Aid Status

Full-Time, First-Time Students Who Started at LCCC in Fall 2012

Pell Grant/Stafford Loan	Graduation Rate	Transfer-Out Rate
Pell Grant Recipient	17%	14%
Subsidized Stafford Loan Recipient Who Did Not Receive Pell Grant	22%	21%
Received Neither Pell Grant Nor Subsidized Stafford Loan	22%	21%

The above graduation and transfer rates follow the Integrated Postsecondary Education Data System (IPEDS) model. IPEDS uses the cohort of first-time, full-time, degree seeking students for a given fall semester. The percentage of those students who graduate within three years (150% of normal time to completion) is the graduation rate. The percentage of those first-time, full-time, degree seeking students who transfer to another institution within three years is the transfer-out rate.
